Ho Lee Fuk — BTC's Face When \$75k Got Rejected

Touched \$75k, paused, blinked — pulled back. Oscillator is turning. This face says it all.

REGULATION · TODAY · SEC

CLARITY Act Roundtable Happens Today — April 16

The SEC hosts its CLARITY Act roundtable today — same commissioners driving the entire crypto agenda. Senate markup targeting late April. Polymarket 72% odds of passing in 2026. Most important regulatory day of Q2.

MACRO · BTC · DECISION

\$75k: Both the Milestone and the Ceiling

Marex: "\$75k is both the milestone and the ceiling. Clear and hold — the range breaks. Fail again — it becomes a magnet, triggering profit-taking and pulling us back into choppy conditions." BTC at decision point.

MACRO · IRAN · OIL

Ceasefire Fragile — Oil Stays the Wildcard

Another round of US-Iran talks possible Thursday. Oil retreated on diplomacy hopes. But Islamabad already collapsed once. Oil ETF volatility explains 94.6% of BTC price moves. One headline changes everything.

BTC/USDT 8H · Drop or Rip?

THREE SCENARIOS

- Rejection:** That wick into OB (\$75,187) was the high for now. Oscillator confirms turn — drop to \$71k support.
- Breakout:** Clean close above \$76k + volume opens \$78k-\$80k.
- Sideways:** Consolidation \$71k-\$75k ranging — more exhaustion before the next move.

\$75k Still "Both the Milestone and the Ceiling" — CoinDesk

After briefly approaching \$76k, BTC pulled to \$73,900. Open interest fell 267k → 256k BTC — position unwinding, not fresh shorts. ETH, XRP, SOL all down 2%+. Market makers rebalancing driving volatility.

MACRO · CRYPTO · CORRELATION

BTC 84% Correlated with S&P 500 — Institutional Era

Bitcoin shows 84% correlation with S&P 500 and 87% with gold. Capital concentrated in BTC and ETH — no altcoin season yet. Quality and liquidity first. This is what institutional adoption actually looks like.

REGULATION · CLARITY ACT · SENATE

Senate Markup Late April — 72% Polymarket Odds

Senate Banking Committee markup targeting final two weeks of April. Coinbase says deal is "very close." Confirmed markup = structural tailwind for XRP and ETH. Stalls past May — likely shelved for 2026.
